

# BEACH PARTY

---

## Important Information

All base packages are intended to be held primarily during the day and may require additional elements to be added if continued after sunset/ longer than the allocated time of the permit included in package.

- Events between 10-30 guests have a 3hr permit included (for day time only).
- Events between 50-100 guests allow for up to 8 hours of party time and can run after sunset without additional charges.

All open air party packages require a night security guard if the set up is not able to be packed up before the sun sets, if your package does not already include a night guard and you'd like to stay until after sunset we will need to add one on. Unfortunately we cannot pack up on the beach in the dark and we can not leave the set up unattended overnight.

# Locations

Here on Straddie we are spoilt for choice with so many gorgeous ceremony locations - from beautiful white sandy beaches to grassy headlands with sweeping views of the sea.

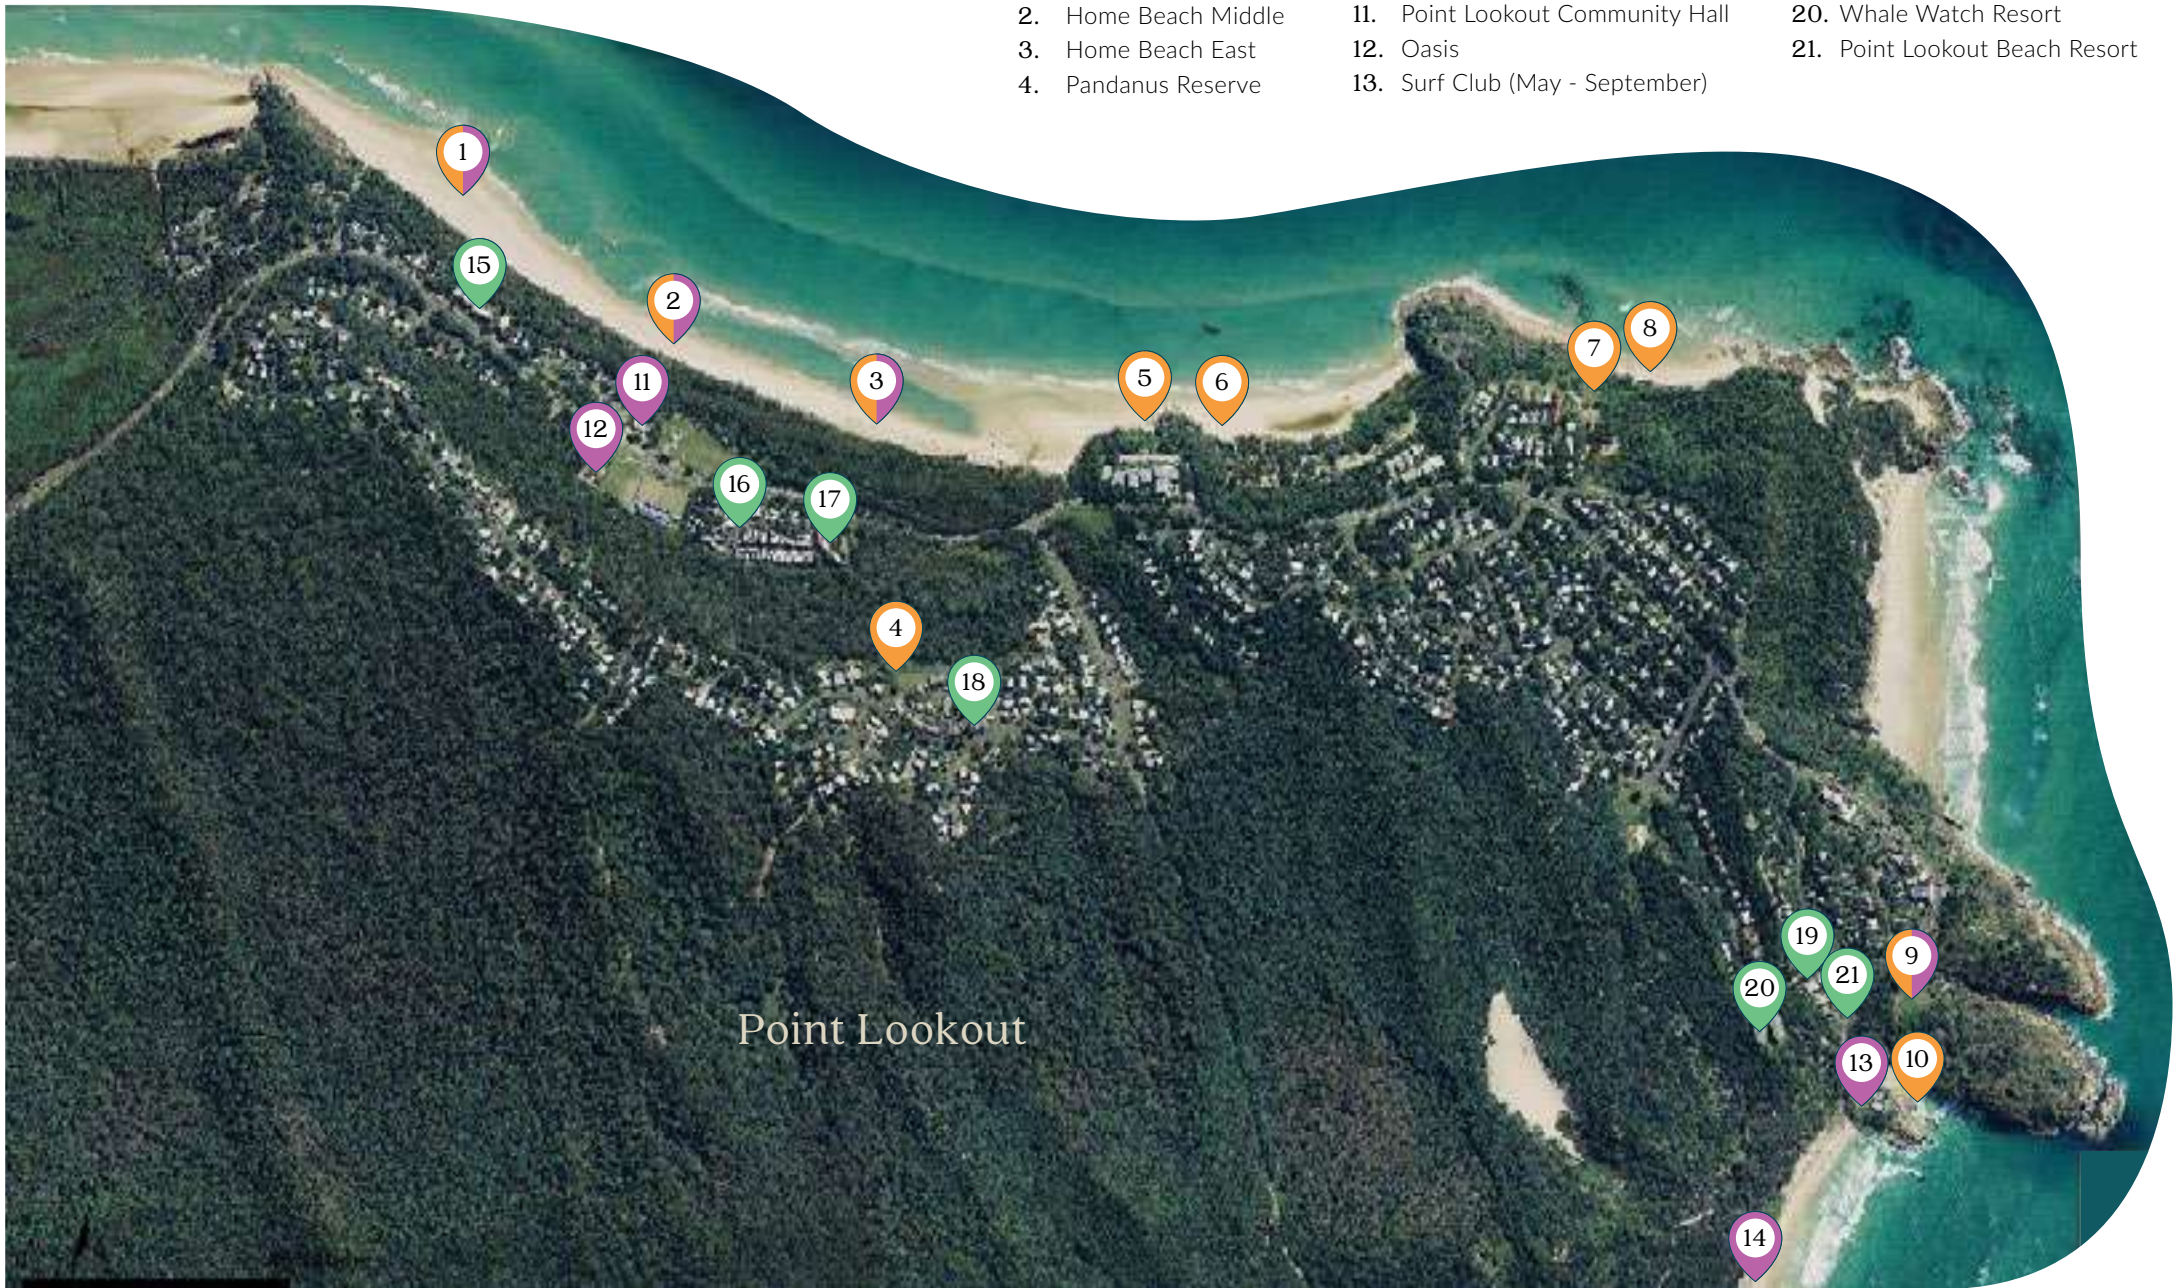

## MAP KEY

- Ceremony Location
- Function Location
- Accommodation

- 1. Home Beach West
- 2. Home Beach Middle

## Beach Party Information

When holding a beach event the beach needs to be left spotless when the event concludes. We have a strict policy on no confetti, no balloons and no litter/waste (this includes cigarette butts) - any breaches of this may effect your bond.

You will not have any vehicle access to the beach, Stradbroke Island Events cars/ trucks are the only vehicles permitted on the beach. If there is something you need brought onto the beach that must be transported by vehicle please discuss this with us and we can find a solution.

As I'm sure you would already understand holding an event on the beach is a huge privilege and something that isn't allowed in most places, upon booking you are agreeing to be respectful of the wildlife, your surroundings, the local community & any passers by. Please do not tamper with any surrounding flora & fauna, we need to nurture our opportunity to hold beach events so it can continue happening in the future.

# Beach Event FAQs

## CAN I BRING MY OWN ALCOHOL?

No, unfortunately due to our licensing we cannot offer BYO at beach events. All alcohol/ beverage service must be through Stradbroke Island Events.

## WHY ARE BEACH EVENTS SO MUCH MORE EXPENSIVE THAN EVENTS IN A VENUE?

As beach events are essentially a venue built from scratch on the beach they require a lot of extra staff to build the venue not to mention the need to bring in all the furniture & decor, cold-rooms, port-a-loos, lighting, generators, overnight security as well as beach permits and much more.

## WHAT TIME DO WE NEED TO BE OFF-SITE?

Legally all guests must be off-site before 12pm sharp. As well as the legal aspect of this rule it is also important so that overnight security can secure the venue for the night and our community is not disturbed.

## WHY DO WE NEED OVERNIGHT SECURITY ?

Most events require overnight security due to how long it takes to build the venue on the beach, we typically start building a day or two before the event date for bigger events which means the venue and some of the furniture will be on the beach overnight. In the past we have had issues with vandalism & theft when leaving the venue unattended overnight.

## DO WE NEED A PORT-A-LOO FOR A SMALL PICNIC STYLE EVENT?

The 10-30 guest open air picnic style events do not include a port-a-loo, this is because these packages are based around the fact that the event will be during the day and will only a few hours long. For these

events we will set up on Home Beach East where there will be a nearby track that leads to public toilets (about 3 minutes walking distance from the event)

## DO WE HAVE TO HAVE A PORT-A-LOO FOR LARGER EVENTS?

Due to the volume of people and the length of larger events Port-a-loos are required unless the event is set up in a park that has public bathrooms within 50m of the event. If you do decide to go for somewhere such as Headland Park which meets the requirements of having nearby public bathrooms we will discount the package by \$900.

## WHY ARE THE LARGER EVENTS ABOVE 30 MUCH MORE EXPENSIVE IN COMPARISON?

There are a few factors that bring the price up for beach events larger than 30 guests, a few of these elements are the added need for port-a-loos, cold rooms, generators, bar & waitstaff, fencing, overnight security as well as more costly location permits. They also require much more furniture and set up staff to bring together.

## WHY DON'T YOU OFFER BASIC PICNIC STYLE EVENTS FOR LARGER GUESTS NUMBER PACKAGES?

This is due to the additional 'chunkier' items needed for larger events such as port-a-loos, cold rooms and so on. Can you imagine low picnic style seating with a generator or port-a-loo next to it and no fencing or higher furniture to break it all up? Quite frankly it would look a little awkward, it's also harder to seat larger groups with a picnic set up without it looking a little strange - you either have to break everyone up into groups or have one super ridiculously long table.

## WHAT IS THE DEAL WITH ALCOHOL?

For picnic style events 40 guests and under the alcohol must be bought from us and is put in ice buckets for guests to grab themselves

for events sizes 20 - 40 guests you can also choose to add a bar and bar staff person to serve drinks in which case you can have a bar tab or have guests buy their own drinks.

For events 40 guests and upwards for open air cocktail style events with fencing we install a bar and have bar staff to look after alcohol service. You have the options of having a full or partial bar tab which means you can put a certain amount on the tab and have guests cover themselves once it runs out or you can cover the drinks for the whole event. You can also choose to only have certain drinks included on the tab such as wines, beers and bubbles included and guests can buy their own spirits and cocktails.

#### **WHAT HAPPENS ONCE MY BAR TAB RUNS OUT?**

Once your bar tab is getting close to being exhausted our bar staff will inform you, you can either decide to top it up or have guests buy their own drinks from there on out.

You will not have to pay for the additional money added to the bar tab on the spot, this can be sorted out the next day if needed but it will need to be paid for within a two day period after the event

#### **WHAT HAPPENS IF WE DON'T USE ALL THE MONEY ON THE BAR TAB?**

If there is remaining money on the bar tab this will be refunded to you within the week after the event concludes.

#### **WHAT DO WE DO IN THE CASE OF BAD WEATHER/ RAIN?**

For beach events we always strongly suggest to have a wet weather back up plan - you have two options:

A: have a back up venue booked in advance that we will set up at in the case of bad weather, for smaller events we can make the decision

the morning of based on weather, for larger events we will normally need to decide at least the night before but up to 48hrs in advance for big events with tipis or bamboo pavilions.

B: if you'd like to go ahead on the beach you can add marquee(s) to your event if you haven't already. For smaller events we can make the decision to add a marquee minimum 3 days prior based on weather, for larger events we will need to decide if marquees will be required minimum 1 week prior to the event. For larger guest number events this can be quite costly but marquees are weather proof (they have optional zip down walls on all sides and a roof). For events such as 10 pax open air picnics it is only \$800 to add a 5 x 5 marquee so if it's looking like its going to rain it's not a huge deal to add this on but events up to 100 pax it would be an additional \$10,700 to add on marquees to cover the whole event.

#### **CAN I USE A BEACH PARTY PACKAGE FOR A WEDDING?**

For sure, party packages can definitely be used for your celebration of love but something to keep in mind is you will not be getting the same service or level of attention to detail that is put into a wedding. For wedding packages we spend 12 months on average hashing out every detail of the event - creating itineraries, floor-plans, chatting with your vendors and making sure everything is perfect for your special day. Party packages do not include any wedding planning services they are more so just a book the package, we set it up and you show up on the day type of deal with minimal back and forth.
